King, the Commissioners appointed to carry out the delimitation of the Alaska boundary so far as it was left undefined by the Award of the London Tribunal, and concerning the character of our agreement between the United States and Great Britain for the formal acceptance of the recommendations of the Commissioners by an exchange of notes, I have the honor to state, by direction of the President, that the Government of the United States agrees with the Government of His Britannic Majesty that the part of the boundary between Alaska and Canada lying between the points P and T mentioned in the award of the Tribunal of 1903, shall be defined, in accordance with the general principles laid down by said Tribunal, by the summits whose geographical coordinates are given with sufficient approximation for identification in the attached Table, provided that the Commissioners are hereby empowered, after they have secured sufficient data, to select additional and intermediate peaks between the points 7 and 8 and 8 and T where the distances between the peaks given in the Table exceed the probable limit of intervisibility. Provided also that no such additional and intermediate peak shall be more than 2,500 meters from the straight line joining peaks 7 and 8 or 8 and T of the attached Table, as follows:
